HOW TO USE THE SHAPES AND LAYOUT GRID

Print out the Layout Grid and the Shapes.

Cut out the TacTile Shapes.

Place them on the Layout Grid and move them around to create your layout.

Use the finished layout to determine how many panels of each shape you need for your layout.

Place the order online at eldowalls.com/shop

- 1 square = 1 foot sq
- With this sheet, you can layout a 8'6" high x 14' wide wall.
- The Shapes are scaled to fit this grid.
