

GLINDPS 60cm Power Share induction cooktop
 “Plug and Play” 2200W induction cooktop with a 10 amp connection.

The transition cooktop when first making the change from a gas cooktop.

POWER SHARE FEATURE

Induction cooktops can require a power supply in excess of 7000W. By sharing power between cooking zones the GLINDPS uses a maximum 2200W and plugs into a standard 10 amp power outlet.

3 COOKING ZONES

Providing a selection of zones for large and small pans with automatic pan sensors.

TOUCH CONTROLS

Easy to use and wipe clean at the end of cooking.

CHILD LOCK FEATURE

Stops the accidental activation of the cooktop.

ITALIAN MADE CERAMIC GLASS

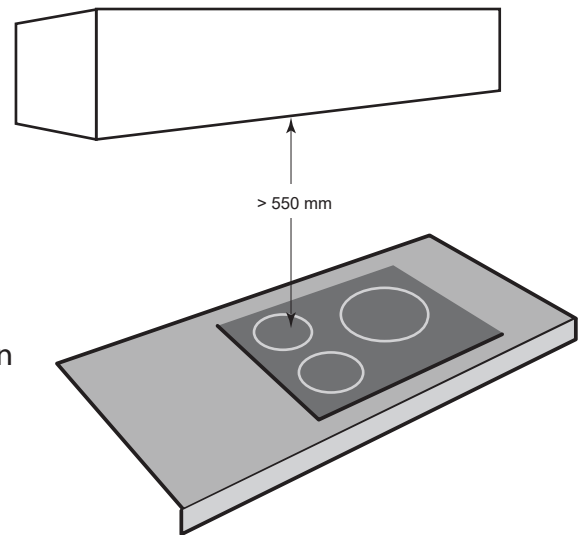

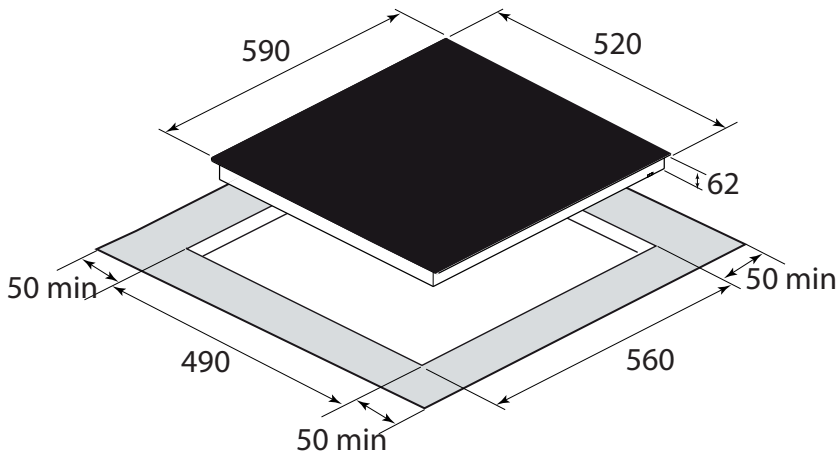

We use high quality European glass for better durability and performance

RESIDUAL HEAT INDICATOR

This safety features indicates when a zone remains hot even after cooking process has finished.

DIGITAL TIMER

Allows for accurate cooking timing and can be set to switch the zones off automatically.
