

RETROFITTING TOILETS GUIDE

BATHROOM, PLUMBING
& KITCHEN SUPPLIES

Waste pipe Instructions

Measure distance from the wall to the centre of the waste pipe
in the floor

Water Inlet Instructions

1. Measure the distance
from the floor to the centre
of the water inlet tap.

2. Measure the distance
from the centre axis of the
toilet to the centre of the
water inlet tap.

This applies to bottom & top
inlet toilets. Inlets can be on
either side of the toilet.
