LISTO SMART TOILET

LISTO SMART TOILET

Johnson Suisse is part of the Roca Group, the world's leading bathroom products manufacturer supported by a network of 76 factories in over 170 markets. A multinational corporation with design centres around the world to meet the standards and requirements of the Australian market, backed by local teams to provide support and services with a leading 25 years' VC warranty.

INNOVATIVE  
INTELLIGENT  
INTUITIVE  
INDISPENSABLE

## **DISCOVER THE POWER OF WATER**

A new generation of toilets in which technology and water take centre stage, bringing hygiene and comfort to a new dimension.

## **FUNCTIONALITY, DESIGN AND ACCESSIBLE TECHNOLOGY**

Experience a new level of bathroom that combines advanced functionality with user-friendly features to elevate your daily routine. Say goodbye to ordinary and embrace the extraordinary, upgrade your bathroom today and discover a world of comfort, style and inclusivity.

## **MORE INTUITIVE**

You won't believe how easy it is. With Johnson Suisse Listo you will enjoy a perfect experience from day one.

## **MORE HYGIENIC**

There is nothing so natural, so simple and yet so revolutionary as water to achieve outstanding intimate hygiene.

## **MORE COMFORT**

Easily customisable settings to adapt to the preferences of every user.

# OPEN THE DOOR TO TECHNOLOGY

## Control panel

A simple side panel activates the main washing and drying functions of the toilet.

## Presence sensor

An infrared sensor prevents the toilet from activating if it doesn't detect any presence on the seat.

## Rimless

Johnson Suisse Listo is a rimless toilet. Water flows from the rear, homogeneously reaching the entire bowl.

## Night light

LED light located at the rear end of the seat guides users to the toilet, without having to turn on the bathroom lights.

4 functions:

Standard: it activates when the cover is lifted and turns off one minute after detecting any presence.

Night light: The light remains on for 8 hours at night.

Standard with night light: The light remains on for 8 hours and it works in Standard mode for the remaining 16 hours.

Off: The LED light is always off when this function is chosen.

## Design and comfort

Inspired by minimalism, Johnson Suisse Listo adapts to all kinds of interior designs, ensuring maximum comfort.

### **Soft-close seat**

The seat features soft-close hinges and therefore it closes silently, avoiding involuntary blows.

### **Removable seat**

In order to make cleaning easier, the seat and cover can be fully removed with one simple action.

### **Concealed connections**

To obtain a cleaner design, the water and power connections can be hidden behind the toilet. Its installation only requires a common water inlet.

### **Detachable nozzle**

The nozzle can be easily detached, in order to clean it thoroughly.

---

### **Self-cleaning nozzle**

The retractable nozzle cleans itself before and after each use to ensure maximum hygiene.

---

### **Adjustable position**

The nozzle has five different positions so as to provide greater precision and comfort.

# FEATURES

An extraordinary toilet with an outstanding performance. Johnson Suisse Listo moves forward in innovation and development to offer the most comprehensive functionality.

Low battery warning

Main functions:  
washing and drying

Light signal to indicate the temperature, water pressure, or the position of the nozzle.
