Lay out all hardware on a soft surface so you can easily identify them.

Carefully identify all components in order to differentiate which pieces are left and right.

Install your new product carefully following the instructions. Don't skip ahead!

Finished!

Congratulations! We're almost there! Please perform following checks to ensure assembly is properly done.

- Have you tighten all the screws? Sit on the couch to check if the legs are shaky.
- Are the back cushions and armrests fixed properly
Try pushing them to check if they are tightly in position.
- Adjust and pull the fabric upholstery to remove any wrinkles and ensure correct placement.
- Are the legs balanced? Unbalanced legs could be caused by uneven tighten force to legs or uneven floor. Simply adjust the levellers attached to make sure product is fully balanced.

Move your Mopio product carefully, with 2 people lifting it to the preferred location. Clean the product with a damp cloth. You are all set!

Care

Instructions

JUST ADD TLC! Your furniture, if treated with respect and love, will last you a long time. Each piece requires light maintenance to maximise daily comfort and improve its longevity. Like anything, if you treat it well, that kindness will be repaid back to you. Your furniture is designed to support you and put a smile on your face. It is there to enhance your home, and your life.

1. Position the sofa away from direct sunlight or use curtains or blinds to limit the exposure.
2. Clean the sofa regularly with a dry, soft cloth or a vacuum cleaner with a soft attachment.
3. To remove stubborn stains on fabric, blot affected area immediately with a soft cloth soaked in warm water and mild soap. Then clean off using a dry cloth.
4. Take care not to clean with excessive rubbing. It may damage the weave and discolor the fabric.
5. We recommend fixing felt pads underneath the sofa to prevent scratches on the floor. Placing a rug underneath can also add the right amount of protection and shine to your living space!
6. For optimal care, you should distribute the weight evenly on the cushion regularly.
7. To maintain the glamour of the wooden legs, apply soft paste wax annually, or more often if the wood is dry.

Follow the care instructions and look after your furniture, in return, your furniture will look after you.

We hope to see you soon!
