# Why Take ProVision for Macular Health?

**Research Backed:** ProVision® mirrors the National Eye Institute's AREDS 2 formula, which was found effective for macular health in a large, well-designed clinical trial.\*

**Proven Potency:** In one study, only 36% of retail macular health formulas investigated matched the AREDS 2 formulas.<sup>1</sup> ProVision® guarantees AREDS 2 potency with independent lab analysis.

**Doctor Recommended:** The American Academy of Ophthalmology recommends AREDS 2 formulas like ProVision® for patients with intermediate or advanced macular health concerns.\*

**Advanced Ingredients:** ProVision® features enhanced-absorption lutein+zeaxanthin from non-GMO marigold flowers.

**Clean Ocular Nutrition:** ProVision® is gluten-free, with no artificial colors, sweeteners, flavors or preservatives.

**Easy to Digest:** Bioavailable ingredients, fast-dissolving gelcaps and a lower-dose 40 mg zinc serving make ProVision® highly absorbable and gentle on the stomach.

**Vitamin Science® Quality:** Innovating eye vitamins since 2001, Vitamin Science® expertise makes ProVision® effective and affordable for all.
