Handling Instructions

Tiny Pies are hand-made using the highest quality natural ingredients sourced locally whenever possible. We bake in small batches from old family recipes stretching back four generations.

Please refrigerate upon arrival and be sure to enjoy within three days. We love our pies at room temperature. To reheat, place pie on baking sheet in 350 degree oven for a few minutes until warm.

Our pies are baked in a kitchen facility where wheat, nut, dairy, eggs & soy are present.
