

## *sizing for maternity clothing*

LEGOE. size ranges are XS, 0, 1, 2, 3 or 4. All of our fitted styles are made with durable stretch fabric that grows with your bump so we recommend going your pre-pregnancy size. We recommend reading the product fit notes before purchasing and if you have any further questions to help you get the perfect fit, please email us at [info@legoeheritage.com](mailto:info@legoeheritage.com).

Please note: this chart is meant as a guide only as people will take measurements differently. Sizing choice is ultimately the choice of the buyer and needs to take into account personal preferences of style and fit.
