Getting to Know Your EcoLogic Cards

Personalize your cards to discover how they are going to work best for you.

- Shuffle the cards. Imagine them as your friends and helpers as you shuffle.
- Read over the list of questions below – you are telling the cards what you want of them, and in what order you will be asking the questions.
- Ask one question at a time and pick a card.
- Read the card with an open mind. You are looking for whatever pops up – a word, a phrase, or the gist of the card's message.
- Write down the name of the card you picked, and the answer it gave to the specific question you asked. Do this for each question.
- As your life changes, the cards and their guidance will grow with you. Feel free to get to know your cards as often as you like.
