QUALITY FURNITURE
HANDMADE IN GREAT BRITAIN

C l a s s i c O a k

C O L L E C T I O N

We are proud to introduce the Classic Oak collection – a high quality and comprehensive selection of pieces hand made with attention to detail by skilled craftsmen in our factory in Great Britain.

On the following pages you will be able to choose the pieces that best suit your home and décor. Each model has been made from sustainable materials which have been responsibly sourced. The timber used has been selected with care in order to give the best possible appearance and finish.

Throughout the collection you will see the detail of the mouldings and profiles that have been added to give elegance and character to each piece. Drawers have been fitted with high quality soft close mechanisms. Cabinets have been fitted with height adjustable shelving to maximise storage and display potential.

If you don't see exactly what you are looking for then let us adapt a piece or make something special and individual for you. We offer a complete bespoke making service.

Inspired by nature

Have you ever noticed the veins of a leaf backlit?

The wonder of its design recalls the harmonious wisdom of nature that seems to effortlessly combine beauty and functionality.

Often in the decoration of the home, aesthetics can be sacrificed for functionality. However, we believe it is possible to achieve the perfect combination of both.

Our philosophy is to utilise the most appropriate materials available.

Traditional mortice and tenon joints are used to create cabinet carcasses, table frames and door frames.

This enables our skilled and experienced cabinet makers to assemble a beautiful, hand-crafted piece of furniture to last a lifetime.

We make sure that every detail and every material reflects our commitment to quality, design and affordability.

Attention to detail

We believe that choosing the best available resources gives us the platform to design and make the best furniture. We work hard to ensure that the selection and quality of every material we use and our close attention to detail mean we are able to remain committed to producing superbly designed, quality furniture.

Only the highest grade timbers are used in all stages of the manufacturing process making it practical and pleasurable to work with. From the processing of the raw wood into components, through to the cabinet making and finishing, our choice of materials allows us to make your furniture with the minimum amount of waste while making it strong and durable yet beautiful and stylish.

Our preferred choice of timber is American White Oak. The timber is sourced from well managed forests in North America and Canada and is a renewable and sustainable resource. It is a faster growing timber than its European cousin, giving it a beautiful, wide grain pattern and a more consistent colour, perfect for the job.

Hand made by craftsmen

To make the most of the high quality timbers, each and every door and drawer is individually fitted into the cabinet, planed and accurately sanded in so they fit perfectly and run smoothly. The drawers are also fitted with soft close runners, making them even easier to use and underlining the quality throughout the range.

Whichever of our six standard colours you choose, you can be assured that the finishing process will bring out the very best of the beautiful oak grain.

Choose from our collection of seven stylish handles and extensive fabric options to create the perfect enhancement to your home.

Nothing that takes your fancy?
We can match the colour to existing furniture, fit your own handle or use a fabric of your choice.

PM903 Fixed Top Table
75" x 40" x 30" (190cm x 100cm x 76cm)

Special sizes available by request

Our Pelham Collection celebrates the beauty of oak by reflecting the life of the tree in each individual piece. We go through a careful finishing process to preserve the character of the timber, so whether you need a family kitchen centrepiece or to fill or an elegant dining room, we have a unique table that is perfect for you.

The Pelham Collection dining tables look just as at home hosting a banquet as an intimate family gathering. The designs are a balance of classical proportions and refined craftsmanship that combine a reassuring solidity and an elegant delicacy.
