Range

ZET

ZET is a light and elegant range, designed in collaboration with norwegian RIIS Interiør from Oslo. The furniture is as standard made of ash wood, with a tight and cubic steel frame.

Designed by

Else Marie Risøe Evensen
(Riis Interiør)

This range include

- Dining tables | Coffee tables
- Sideboards | HiFi sideboards
- Cabinets | Benches
- Shelf furniture | Desks
- Console tables | Nightstands
- Sidetables | Chairs

Features

Design elements

Choose between different designs on plates and legs.

Custommade

In addition to our many standard sizes we can accommodate special requests.

Wood colours

Choose between more than 10+ different wood colours in both ash and oak.

Sustainable choice

Solid wood furniture can last a lifetime with proper maintenance

- contact us if you need a pricelist.

Ash is standard - Oak + 25%
Stainless steel = + 10%

WOOD FINISH

UP

Without patination

The wood is planned and sanded to achieve a smooth surface.

With few and smaller knots.

Storage furniture can only be made with this finish!

SC

Soft Cracks

Naturally occurring cracks are made more visible which gives a rustic look with cracks in the surface.

May contain more and larger knots.

RL

Raw Look

We brush off the layer of softer wood which gives a look of wood that has been roughened by natural wear.

May contain more and larger knots.

FK

Filled Knots

The knots are filled and the wood is planned and sanded to achieve a smooth surface.

Only for OAK!

STEEL COLOUR & FINISH

A

Industrial steel

Industrial steel has a raw and matte appearance with shades of colors emerged during casting.

B

Black painted steel

Black painted steel has a graphical and simple look, that fits nicely in most homes.

C

Brushed stainless steel

Brushed, stainless steel has an elegant appearance with a uniform finish created by hand.

Extra cost!

HANDLES

BI

I-handles in blackpainted steel

MI

I-handles in brass

BT

T-handles in blackpainted steel

Ash is standard - Oak + 25%
Stainless steel = + 10%

MAINTENANCE

To do..

..We recommended that the daily cleaning of oiled furniture is with a damp cloth followed by a dry cloth.

..When you treat your tabletop with a care product, you should always treat the underside of the plate too. Otherwise you risk it to bend.

..Cleaning, grinding and processing of wood must always be along the grains.

..Remember sometimes to leave the table and leaves uncovered, this allows the colors to be synchronized.

..indoor furniture can be damaged if left outdoors or in damp and unheated-rooms.

..In some cases you can repair small cracks and dents. Add a few drops of water to the injury. Sand it slightly with grain 100-120. Finish with a maintenance treatment.

Not to do..

..Do never use abrasives, bleach or ammonia to clean your furniture.

..Do not leave hot or humid things on the wood, it makes blotches.

..Do not leave the wood covered with airtight materials extended periods of time. The wood needs to breathe.

..Do not let the furniture in direct sunlight - the wood dries out. Alternatively you can turn the furniture 180 degrees once a month - to even out the color difference.

..End wood absorbs all sorts of liquid so we recommend you only to wipe it slightly when you clean it.

CONTACT

CUSTOMISED TABLES

We are able to produce all our table types in special sizes. Furniture in special sizes requires special handling both in terms of manual handling, new drawings, machine settings and packaging. We therefore include a surcharge for products in special sizes, whether the product will be larger or smaller. If you want a table in a smaller size e.g, the price is added 15% on the price of the nearest standard size.
