

We're thankful for the independence that  
we have been granted, and the  
opportunities that those  
liberties have afforded us.

We're thankful that, despite our history of  
imperfections, our foundational principal -  
that rights are innate, granted by the  
creator, and inalienable - has been the rich  
and fertile ground from which we have  
experienced much blessing.

We're thankful for the countless men and  
women who have paid with their time,  
treasure, and blood for that liberty. Indeed,  
"greater love knows no man than this..."

Are we proud? Yes!

On this 4th we're thankful for you, our **Cave** family!
