Consumer Manufacturer's Warranty

FOR THE NETHERLANDS

Effective 1 January 2022

Revised on 16 October 2023

YOU CAN DEPEND ON US. OUR PRODUCTS. OUR SERVICES. OUR PEOPLE.

This Consumer Manufacturer's Warranty applies to all products purchased by consumers from Steelcase or from a Steelcase Authorized Reseller. This warranty applies exclusively to products delivered within the Netherlands. In addition to consumers' statutory warranty claims, Steelcase GmbH ('Steelcase') warrants that Steelcase® brand products will be free from defects in materials and workmanship for the applicable warranty period (depending on the Steelcase product as set out below) and with the exceptions and exclusions set forth out below. This Warranty begins to run on the date of delivery to the original End User and is transferable for the remaining period of the warranty. The original End User is the consumer who purchases a product from Steelcase or from a Steelcase Authorized Reseller for their own use and not for resale or further distribution. This warranty continues to be valid if the product is moved from the original country of purchase solely to another country of the European Union, to United Kingdom or Switzerland and ceases to be valid if the product has been moved in any country or region other than the ones mentioned earlier. Steelcase will, at its sole discretion and own expense, repair products, parts or components that fail or exhibit defects in normal use or replace them with a similar product. If the repair or replacement requires an effort that, having regard to the mutual interests and the principles of good faith, is grossly disproportionate to the performance interests of the consumer, Steelcase will reimburse the purchase price or issue a credit note for the product in question.

- Normal wear and tear.
- Failure to follow the directions and guidelines issued by Steelcase regarding the use, installation, modification or maintenance of the products.
- Improper or inappropriate use or accident (this includes – without limitation – using the product in an unsuitable environment or under unsuitable conditions).
- Alterations or changes made to the product.
- In the event that a component not approved by Steelcase is incorporated into the integrated product solution in place of original Steelcase parts, including but not limited to work surfaces, leg supports, panels, brackets, shelves, overhead bins and other integral components.

THE WARRANTY DOES NOT COVER:

Variations in surface materials (e.g., colourfastness, sheen on veneer surfaces or matching grains, textures and colors across dissimilar substrates and lots).

WARRANTY PROVIDES EXCLUSIVE REMEDIES:

Under this limited Manufacturer's Warranty, if a product fails with normal use as a result of a product defect or manufacturing error, Steelcase will (i) repair the product concerned or, at Steelcase's discretion, provide a new or repaired product of comparable use, performance and quality free of charge, or (ii) refund the purchase price or issue a credit note for the product in question if Steelcase believes that repair or replacement will require an effort which, in compliance with the contents of the contract and the principles of good faith, is grossly disproportionate to the interests of the consumer or cannot be carried out within a reasonable period of time.
