

Problems with messy power cords?

Today, more mission critical components come with dual power suppliers in order to provide continuous service. So how do you differentiate between the numerous power cords?

ReadyTec provide the simplest way to solve this cable management problem, by providing coloured power cords that identify the different power sources.

Available in most colours & sizes

Identifying power sources by coloured power cords

Available in most end types

Available in most accessories

Australia AS/NZS 3112 2 Pin - 2.5 Amp
 Australia AS/NZS 3112 3 Pin - 10 Amp
 Australia AS/NZS 3112 3 Pin - 15 Amp
