READYBLANK 1RU BLANKING PANELS

ReadyBlank is designed to effectively seal opening in I.T equipment cabinets and control airflow for optimized cooling effectiveness. It also keep servers cool by direcing air through devices rather than open areas of the rack. ReadyBlank is a snap-on, tool-free mounting designed for ease-of-use and rapid deployment.

Features & Benefits

• Suitable for all 19" network or server cabinet, rack mount
• Snap-on, tool-free mounting designed for ease-of-use and rapid deployment
• Unique mounting clips for easy finger release.

Applications

• Warehouses, on-campus locations, or other remote locations
• Fusion splicing and direct termination of loose tube and tight buffer cables
• Data centre MMR's
• FTTx and CATv applications.
