Double Cup Floor Tile Pullers

ALL-VAC'S NEW VERTI-LIFTER IS THE WORLD'S PREMIER STAND UP FLOOR TILE PULLER

Bending over or kneeling down to lift floor tiles can cause back or arm strain. So with assistance of the Ergonomist, All-Vac designed the Verti-Lifter Standup floor tile puller.

Available in three lengths to suit your requirements.

The Vertu-lifter whilst rugged is designed to be lightweight, portable and simple to use.

LOCKING LEVER SUCTION CUP LIFTER OFFER STRENGTHENED HOLD

All-Vac's Locking Lever Suction Cup Lifter offer a different and alternate benefits from its line of Vacu-Lifter Floor Tile Puller. These powerful lifters offer strengthened hold by utilising lever actuated suction cups. Used by professionals working with glass and polished stone, their low profile and versatility make them perfect for lifting and carrying an access floor panel for short distances.

Lockable Double 5" Cup
