HINTS & TIPS

Always read the project sheet in full before starting the cake!

HINTS & TIPS

To make your own modelling paste, add a little tylo to the fondant. Use a Water Pen to attach your paste.

HINTS & TIPS

Allow the modelling paste shapes to sit and firm up for a short time before attaching to the cake.

HINTS & TIPS

If the modelling paste is sticking to your tools or mat use the FMM Dab-a-Dust for dusting with either cornflour or icing sugar.

TO MAKE THE BOAT

○ Roll out the red modelling paste. Cut out shape 1 from the More than a Bird House set. Cut off the top section to make a boat shape (refer to photo). Roll out dark blue paste approximately 17 x 3cm and light blue modelling paste 5 x 3cm and cut a boat sail from each, as shown. Roll out red modelling paste and cut out a red triangle using the FMM Essential Shapes. Sit to one side to dry.

TO MAKE THE FLUFFY CLOUDS

○ Roll out white modelling paste and cut out cloud shape 1, 3 times. Place to one side to dry off a little.

TO MAKE THE CIRCLE DECORATIONS

○ Roll out white modelling paste, using the Essential Shapes Tappit, cut out 3 of the third largest circles and sit to one side.

TO MAKE THE INCRPTION

○ Roll out red modelling paste. Using the FMM Art Deco Set Upper Case cut out the inscription IT'S A BOY. Sit to one side to dry off a little.

TO MAKE THE SEA

○ Roll out light blue modelling paste in strips. Cut a straight edge down 1 side then using the Elements Cutter, cut out the sea design. Cut out enough strips of sea to go round the bottom of the cake. Repeat this process for the medium and dark blue modelling paste. Sit to one side to dry.

ASSEMBLING THE CAKE

○ Attach all decorations to the cake with water starting with the sea at the bottom of the cake. Then attach the boat and circles. Attach the fluffy clouds and finally add the inscription.
