## HINTS & TIPS

Always read the project sheet in full before starting the cake!

## HINTS & TIPS

To make your own modelling paste, add a little tylo to the fondant. Use a Water Pen to attach your paste.

## HINTS & TIPS

Allow the modelling paste shapes to sit and firm up for a short time before attaching to the cake.

## HINTS & TIPS

If the modelling paste is sticking to your tools or mat use the FMM Dab-a-Dust for dusting with either cornflour or icing sugar.

## TO MAKE THE CHRISTMAS DECORATIONS

○ Roll out the red modelling paste. Using the Cool Christmas Tappit, cut out 3 snowflakes, 2 reindeers, 2 gingerbread people, 2 candy canes and 2 presents using the FMM Cool Christmas Tappit (see packing for instructions on using Tappits). Cut out 1 red star using the second smallest star. Sit to one side to dry off a little.

## TO MAKE THE LETTERS

○ Roll out grey modelling paste and cut out 'MERRY CHRISTMAS' using the Art Deco Tappits. Cut out an 'I', cut the bottom section and move down to make an exclamation mark (see photo). Allow to dry.

## TO MAKE THE ICICLES

○ Roll out white modelling paste in strips. Cut a straight edge down 1 side then using the Element Set cut out the icicle design. Cut out enough strips of icicles to go round the top edge of the cake. Sit to one side to dry of a little.

## ASSEMBLING THE CAKE

○ Attach all decorations to the cake with water starting with the sea at the bottom of the cake. Then attach the boat and circles. Attach the fluffy clouds and finally add the inscription.
