**Educating and Informing Sugarcrafters Worldwide**

## **WOW! Cake**

Cake for illustration purposes showing how the cutters can be used.

See the FMM catalogue for the full range of products.

FMM products are widely available.

Contact your local stockist or FMM for further information.  
To arrange a shop, college or group demonstration contact FMM.

See overleaf for instructions on how to use the cutters.

## Equipment:

FMM Wow Cutter  
FMM Alphabet Upper Case  
Letters & Numbers Tappit  
FMM Multi Ribbon Set  
FMM Dab-a-Dust  
FMM Fuffy Clouds  
FMM Essential Shapes

Modelling paste colours, Yellow, Blue, Red, White & Green  
Non Stick board & rolling Pin  
Small circle cutters from FMM Geometric Cutter Set  
6" & 8" Tier Round Cake covered in Blue & White fondant  
Paintbrush  
Water (or edible glue if preferred)

## HINTS AND TIPS:

- To make modelling paste add some tylo powder to your fondant. Modelling paste should always be rolled to 2mm thickness.
- We use Rainbow Dust Pro - Gels to colour the fondant.
- Once you have cut out your shapes / text from modelling paste place them to one side to firm up. You will find the shapes / text easier to handle.

1. Roll out some yellow, green, red and blue modelling paste (note the blue modelling paste is lighter in colour than the bottom tier of the cake.) Use your FMM Multi-Ribbon Cutter to cut out various rectangles and square shapes for the 'buildings'.
2. Roll out some white modelling paste. Using the FMM Essential Shapes Tappit, cut out lots of small squares.
3. Attach the rectangles and squares to the bottom tier of your cake with water. Then stick your white squares on top of the coloured rectangles and squares using water to attach them.
4. Roll out some yellow modelling paste. Cut out lots of circles using your FMM Essential Shapes tappit.
5. Attach the circles to your cake with water as shown in picture.
6. Roll out some red modelling paste. Cut out your shape using your FMM WOW Cutter then cut out 2 Fluffy Cloud shapes of your choice from the FMM Fluffy Cloud s cutter set.
7. Roll out some blue modelling paste and cut out word KA-POW! with the FMM Alphabet Upper Case And Numbers Set Tappit.
8. Roll out some yellow modelling paste and cut out ZAP! and WOW! with your FMM Alphabet Upper Case Letters and Numbers Tappit.
9. Attach the KA-POW! to your Wow shape and then attach the ZAP! and WOW! on the Fluffy Cloud shapes with water.
10. Attach the Wow shape to the centre of the top tier of your cake and the Fluffy Cloud shapes to the bottom tier of your cake as shown in picture.
