PREMIUM SERIES FLOORING MALLETS

We offer one of the largest selections of USA made mallets in the industry. E-Z to select design. Patent pending PATENT PENDING SURE $2 \text{ LOCK}^{\text{TM}}$ head design will virtually eliminate loosening of handle - even after years of use

PATENT PENDING

M1 Steel Head Weight: 3,34 lbs

Our 100% American-made M1 Steel Head mallet features premium hickory, a comfortable grip, and rave reviews from contractors and DIY'ers alike. At just over 2 pounds, this lightweight mallet helps reduce muscle fatigue throughout the installation process. Suited for a wide range of pneumatic staplers or nailers, our M1 Steel Head comes with an easy-to-grip handle, attached by a steel safety wedge, and filled with epoxy. Available with Black or non-marring White cap.

R55 Steel Head Weight: 3.15 lbs

Pro-Drive Fasteners presents the R55 Steel Head Mallet, a round headed mallet designed for maximum accuracy in board placement. Used by flooring professionals and various industry tradespeople--from landscapers to framers—the R55 is lightweight, versatile, and built for precision. A durable striking tool for wood floor installation and used with pneumatic staplers and nailers, our American-made R55 boasts a 100% premium hickory handle for gripping ease and comfort. Available with Black or non-marring White cap.

M3 Steel Head Weight: 3.6 lbs

Our largest volume mallet, the American-made M3 Steel Head mallet features a white rubber cap, malleable iron wedge, it's primed for navigating all types of pneumatic staplers and nailers. Available in a Black or Non-marrying White cap. Easy to grip 100% premium hickory, our M3 Steel Head is the go-to for comfort and command of the trade.

RED EPOXY is sign of Premium Made in USA quality

M5 Steel Head Weight: 3,8 lbs

A landscaper's favorite, our M5 Steel Head mallet packs a punch. At 3.7 pounds, use the M5 for manual nailers and heavy-duty jobs. Our American-made, 100% premium hickory design accompanies a non-marring white rubber cap, while a steel safety wedge secures an epoxy-filled handle. Despite its muscle, Pro-Drive Fasteners M5 Steel Head boasts our easy-to-grip 6-ring wooden handle: power, precision, and comfort!

Double-Headed Mallet Weight: 3.5 lbs

The Pro-Drive Fasteners double-capped white mallet is an established workhorse! Its white double-capped head ensures accidental strikes to flooring or walls do not leave an indelible mark, thereby protecting your nailer investment. Weighing slightly more than 3 pounds, our double-headed mallet comes with an American-made hickory handle—easy to use, easy to grip. Made in the USA, the double-headed mallet is used with a broad range of pneumatic nailers. Available with Black or Non-marring Round or Pro-Angle™ White cap!
