We produce with Carb2/EPA particle boards with low formaldehyde emission, which have EPA Certificate issued by US Environmental Protection Agency.

Lazzoni pays attention to human health and, for this purpose, it uses products with CARB2 (California Air Resources Board Phase 2) certificate, showing that formaldehyde emission level of wooden boards is at the minimum level.

Prioritizing the environmental awareness, Lazzoni pays attention to proper and legal use of forest resources and therefore it works with suppliers, certified by FSC (Forest Stewardship Council) of Germany.

Lazzoni performs all of its operations through an effective and reliable quality management system while offering products and services to its customers. This system is certified by Bureau Veritas BV, an internationally accredited organization.

Located at Vicenza Italy, founded in 1958, Gruppo Mastrotto is the world’s leading group in manufacturing leather for upholstery, automotive, and aviation industries.

Lazzoni uses water-based, certified paints, which are proven as non-carcinogenic and environment and human health friendly, produced by ICRO Coatings, Italy, in its products.

The Hettich is one of the world’s leading manufacturers of furniture fittings. The company’s headquarters are located in the western Westphalian town of Kirchlengern, Germany.

The Häfele Group is a German family enterprise with its head office in Nagold, Germany. Häfele is the leading international manufacturer and supplier of furniture fittings and architectural hardware, with customers in more than 150 countries.
