STAGE 1: BREIFING

Initial consultation to meet your designer, understand the budget and resources management, design process, project management, expected timing.

STAGE 2: CREATIVE CONCEPTS

Your designer will commence with creative options and concepts to spark your inspiration and gain insight to your preferences, personality and tastes.

STAGE 3: DELIVERY

Executing the creative ideas is a modeling process that fully involves you to ensure the final result is perfected to your needs and desires.

WHAT TO EXPECT

@PI_TheArts
#TheWorldIsOurStage

IMAGINATION
IS POWER

Our collaborators are paid for their creative talents and contribution, rather than their status.

7% of this project value will support the pandemic recovery of the global arts and culture industry.

You can choose where and how this money is spent. Visit purposefulinnovators.org for more details.

INCOME

Designers will achieve exposure and accessibility that helps create much needed income for their talents.

DEVELOPMENT

Sponsoring and donations help those hardest hit grow with coaching and training programmes that will help them bounce-back faster.

HOW OUR WORK HELPS

MOTIVATION

Getting involved in project ideas will help rebuild optimism and confidence while bringing new inspiration and ideas.

NETWORKING

Global reach and visibility can help everyone in the local community by creating new collaborations that will last beyond recovery.
