Scoring per 30m Roll			
1 - 5 Rolls	6 - 20 Rolls	21 - 30 Rolls	31+ Rolls
\$15.00	\$12.00	\$11.00	\$10.00
SHEETING			
\$35.00 minimum.			
\$66.00 per 30.5m roll up to 200 pieces.			
\$66.00 per 200 sheets.			

### Scoring

We score rolls to lengths from 20mm to 150mm long, for use by foil printers. The width of the roll can range from 25mm to 100mm.

### Slitting

We can slit 622mm master rolls to desired widths starting at 25mm.

### Sheeting

622mm master rolls can be sheeted to required sizes. (A4, A3 and any non standard size)

### Pre Die Cut Sheets

Pre die cut sheets are primarily for use by screen printers but can also be used for foil printing. These sheets are cut with a grip and lay edge identified by one corner cut at 45 degrees. This means that every sheet will be exactly the same as the previous sheet, guaranteeing consistent registration .

Sheets also come with paper between which means the sheets are easily separated for use during the printing process.

On our standard sheets, individual magnets have rounded corners.

### Pre Die Cut Self Adhesive Rolls

These self adhesive patches can be applied to the back of calenders and business cards. Standard sizes are 20mm x 36.5mm x .6mm or .8mm. Other sizes can be cut to your specific requirements.

### Magnetic Sheeting By The Roll OR Metre

You are able to purchase the exact amount of magnetic sheeting you require. This is down to a minimum sale of \$10 excluding tax and freight.

### Die Cutting

Magnetic sheeting can be die cut to your specific requirements.

**ALL PRICES ARE IN AUSTRALIAN DOLLARS AND INCLUDE GST**
