# N'HANCE™ PRO BARBER KIT I

THE PRODUCT HOW TO

HAIR FIBERS  
APPLICATION PUMP

**ABOUT THE PRO BARBER KIT I**

The Original Collection, the Pro Barber Kit I is the three step program to create thicker, fuller hair. Intended to be the necessary (thicker hair application) collection of the mastered barber. We've designed it so simply, that even a jetsetter can use it from one place to the next with few touch-ups in-between.

- Contents of Pro Barber Kit I :**
- 1 N'Hance™ Hair Fibers
  - 1 Application Pump
  - 1 Application Card
  - 1 Instructional Manual

## HAIR FIBERS

**PURPOSE:** The N'Hance™ Hair Fibers were designed to diminish the appearance of patchy, balding areas within the beard or hair, by filling in with a keratin based protein. Blends flawlessly with existing hair, instantly making it fuller and thicker looking.

**HOW TO USE**

After applying the N'Hance™ Style Enhancing Fibers application, bend the application card(optional) to help create desired shape. Push the application pump down to apply onto the desired area. Keep pressing the pump until desired area is filled in. Moving lightly across the area of application will help create a more realistic look. Do not press and hold in same place.

**WITHOUT AN APPLICATOR PUMP:** Twist cap off. Remove sticky shield to open product. Lightly shake fibers onto the area of hair where you are applying the product. Technique is not suitable for beard application.

**USE WITH APPLICATOR PUMP:** Twist to take cap off. Remove sticky shield to open the product. Remove top piece (with the dotted holes) by twisting and pulling off. Twist the applicator pump onto the Style Enhancing Fibers bottle. Once attached, press applicator pump down to begin use. Ideal technique for beard application and lines/edge application.

**PURPOSE:** Having a smoother and more accurate application of the N'Hance™ Hair Fibers. Creates short, realistic impressions of hair fibers across the face and head. Use when desired application process needs to be more controlled, like for cleaner edges or a sharper looking beard. Designed to simplify the at-home grooming experience.

**ASSEMBLY**

After removing both pieces from the box: (Comes assembled in kit). Twist the tip into the application pump base. To clean, remove tip, soak in soap water then air dry. Do not use again until completely dry.

**USING WITH STYLE ENHANCING FIBERS:** The ideal application method. After removing the grated lid of the Hair Fibers (lid with the dotted holes). Take the applicator pump and twist onto the Hair Fibers bottle lid. Once attached, press applicator pump down to begin use. Best technique for beard application and lines/edge application.

## LEGAL/DISCLAIMERS

Product use is at one's own risk. The Rich Barber® is not liable for any damage or injury resulting from use or misuse of this product for failure to comply with these instructions. Store product below or at room temperature, and away from sunlight. When travelling with product, make sure all caps are tightly shut to avoid other product damage. Do not spray content into eyes.
