

WHY OUR CORDLESS POLISHER/SANDER IS THE BEST CHOICE

RELIABILITY

Efficient, High Performance Brushless Motor Provides Extended Runtime and Long-term Reliability

ERGONOMICS

Small Size to Easily Reach Spots where Larger (e.g. DA/Orbital Sanders)

VERSATILITY

Includes 2" (50mm) & 3" (75mm) Roloc; 3" (75mm) Hook & Loop Backing Pads, 3" (75mm) Soft Foam, 3" (75mm) Medium Foam Pads

SAY GOODBYE TO “HARD TO REACH”

Say goodbye to stall-outs, and say hello to power that lasts all shift long. The new IQV20™ Cordless Polisher/Sander comes equipped with a powerful brushless motor, compact form, and powerful battery platform that helps you tackle any task in record time. Plus, lightweight, ergonomic features designed with technicians in mind help keep operator fatigue at bay. So, whether you're sanding down sheet metal or giving a headlight one last polish, you'll be covered.
