

TECHNICAL SHEET

Manubric offers Loft bloc, an imitation of concrete block which is plaster based made. To renovate your room with an industrial chic touch and thus add character to your home or office.

The striking cachet of the Manubric's Loft Bloc conceals its texture and durability. They are also easy to install because they can be glued directly to the wall, without having to solidify it unlike traditional brick or natural stone.

Faithful detailed reproduction of concrete blocks providing a natural appearance, they bring a contemporary appearance to your décor. They are also ultralight, heat resistant and provide a unique industrial look.

For interior uses only.
