

TRAILER BUDDY by STRIKE

WATCH THE VIDEO

- Fully charge the camera before first use. (Orange light on when charging, orange light off when fully charged)
- Download the Master Cam App. (QR Code for both App Store and Google Play)
- Turn on the camera and wait a moment until the red light flashes slowly.
- Open the phone's Wi-Fi settings and connect to the camera (R6-*****), use the password 123456789.
- Once downloaded, open the app, camera will be added automatically to the list. Select camera and enter Default Password (111111), now enter the new 6 digit password e.g (121212). Make sure you slide down to refresh the list.
- Fit your Trailer Buddy to the back of your vehicle and extend the arm over your tow ball until you have a clear view of the tow ball in your mobile phone.
- Secure your phone in your car with a phone holder on your dash. Turn off when finished.

Note: When reconnecting the camera for future use, switch it on, go into Wi-Fi settings & select (R6-*****), then go to the Mastercam App & select camera.
