

Rocket Launcher Flag Poles

Catalog No. WFRL
November 2020

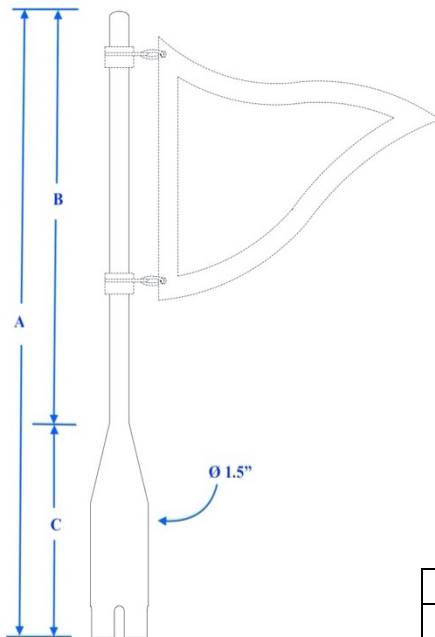

316 stainless steel rugged 48" Wavy Flag Rocket Launcher Flagpole designed to slide into the fishing pole holder or gimbal mount of various boats and yachts. This pole has two aluminum adjustable swivel anti furling couplers to attach your flag that will allow the flag to rotate 360 degrees on the pole. The swivel bearings can be moved up and down the shaft of the pole to compensate for different size flags. The bottom of the poles outside diameter is 1-1/2" and is notched to provide a snug fit into the fishing pole holder and has a plug insert to keep the inside clean. This product is shipped complete and ready to install with the swivel bearings, tools and carabiner clips.

Flag Not Included
