CONTENTS & INSTALL GUIDE FOR YOUR NEW ANGEL EYE PIXEL KIT

INSIDE THE BOX

- 2 x 80mm LED RINGS WITH BLUETOOTH CONTROL MODULE
- HAND HELD REMOTE
- CABLE TIES
- ALCOHOL WIPE

INSTALL GUIDE

Lay out your kit & prepare the surfaces using the provided wipe.

With the Rings in place take care to secure all cables with the Cable Ties provided as not to leave loose cables that could be caught in any moving parts.

We would also recommend that you fit a Switch to isolate the Kit from the Battery when not in use. The lack of a Switch may cause your Battery to become flat.

Once the kit has been fitted it can be operated one of two ways:

- Use the provided hand held remote control
- Scan the QR code located on the controller module to install the app and enjoy a wider range of control.
