

The **Magnum** range of electric folding systems help to save time and effort.

▲ MFM-FS- Fixed Speed

▲ MFM-VS- Variable Speed

▲ MFM-PS- Programmable

KEY FEATURES

- High speed folding
- 6 standard and custom folds
- Heavy steel construction
- Ascending/descending counter
- Large feed tray capacity
- Jam detector

GREAT FOR USE IN

- Offices
- Print rooms
- Schools

IDEAL WHEN FOLDING

- Letters
 - Leaflets
 - Invoices
 - Booklets
- and many more...

Function

These efficient and reliable friction fed folding systems have various fold options for sheets up to A3 size.

With a quick and easy set up for the different fold options and micro adjustment for greater precision, these folders will greatly reduce the time your business spends preparing mail and freeing up staff to work on other jobs.

Available in fixed and variable speed options, as well as a fully programmable model, a built in counter and LED display makes them ideal for regular runs without wasting sheets.

The systems also feature easy removable fold rollers for simple maintenance and cleaning. For more information on the Magnum Folders, call or visit our website.

Specifications	MFM-FS	MFM-VS	MFM-PS
Paper Size Options	A5/A4/A3	A5/A4/A3	A5/A4/A3
