Work. Finished.

The automatic Foton 30 delivers innovative, industry leading technology that significantly improves productivity

Simple and easy-to-use, the Foton 30 is perfect for any high volume day-to-day lamination requirements up to A3 size. It's also ideal for manually laminating odd shapes or ad hoc pieces. You simply press a button and leave the machine to produce high quality laminated documents, every time!

- Automatically laminates up to 30 A4 or A3 documents at a time
- Automatic auto feed paper alignment for perfect laminated documents every time
- Manual lamination mode for heavy weight paper or non-standard shaped documents, up to 250gsm
- Supplied with 75 micron starter cartridge
- Low film indicator light to let you know when cartridge needs replacing

Gloss Film Cartridge

The Foton 30 laminator has a unique roll film cartridge that's quick and easy to replace. Combined with auto feed paper technology, the lamination process is efficient and highly productive.

In addition, the machines advanced sensors detect the document and film thickness and automatically adjusts its settings, providing perfect results.

75 Micron Gloss Film Cartridge

Laminates up to 250 x A4 documents

100 Micron Gloss Film Cartridge

Laminates up to 190 x A4 documents

125 Micron Gloss Film Cartridge

Laminates up to 150 x A4 documents
