

## Cleaner Disinfectant #14

Disinfectant, deodorant cleaner

### Description

CLEANER DISINFECTANT #14 is specially formulated with a pleasant fragrance. An effective detergent based on plant based renewable resources and a readily biodegradable disinfectant. Designed to kill dangerous bacteria and leave the area smelling clean and fresh.

### Applications

CLEANER DISINFECTANT #14 is a multipurpose product and can be used in any area for hard surface cleaning. CLEANER DISINFECTANT #14 is suitable for use in toilets, washrooms, bars, food and garbage disposal areas, rubbish bins, drains, animal houses and other areas where odours are a problem.

CLEANER DISINFECTANT provides a clean, fresh fragrance, which actually kills bacteria that cause malodours. CLEANER DISINFECTANT #14 is pH neutral and is safe to use on all washable surfaces. CLEANER DISINFECTANT #14 is safe for septic tanks and sewerage treatment plants when used in accordance with label directions.

### Use Directions

#### *Spray & Wipe*

Mix 20-50mL per litre of water. Spray the area. Remove any excess moisture. Allow to air dry. There is no need to rinse surfaces.

#### *Floors*

Use at a rate of 20mL per litre of water for daily maintenance. For heavily soiled areas, use at a rate of 30-50mL per litre of water depending on soil load.

#### *Air Freshener*

Add 50mL to a spray bottle. Fill up with fresh water. Adjust nozzle to produce a fine mist and spray in the air.

### Safety Information

Refer to our safety data sheet (SDS) for more information or consult your Chemform representative for further assistance.
