

Washroom Cleaner #4

Multipurpose Washroom Cleaner

Description

WASHROOM CLEANER can be used in all wet areas on floors, walls, benches, bathrooms, toilets, glass and stainless steel areas. This eco-friendly product is non-hazardous and derived from plant based renewable resources with mild acids to remove water scale.

Applications

Washroom Cleaner #4 is designed to remove water scale in all wet areas. Suggested areas include

- Bathrooms
- Toilets/Ablutions
- Accommodation Areas
- Hotels
- Bars
- Schools
- Child Care Centres
- Hospitals

Use Directions

General cleaning

For all general cleaning and mopping, use at 50mL per litre.

Urinal cleaning

Use undiluted. Squirt into toilet bowl. Agitate sides and under rim with stiff brush. Allow to act for minimum of 5 minutes, then flush. DO NOT SPRAY.

For heavy soil areas use neat until the scale has been removed. Squirt directly onto the surface using some agitation to help loosen the scale. Allow some contact time before rinsing off with water. Do not let the product dry on the surface.

Safety Information

Refer to our product safety data sheet (SDS) for more information or consult your Chemform representative for further assistance.
