

# Diamond Coat

## Floor Sealer / Finish

DIAMOND COAT is a premium grade metal complex floor sealer / finish specifically formulated to outlast and outwear other types of floor finishes. Floors finished with DIAMOND COAT show an incredible wear resistance, clarity and depth of gloss that can be easily maintained even under the severest traffic conditions.

### How to Use

Apply DIAMOND COAT neat with a short string mop.

Dip mop in finish and ring out so that the mop is wet but not dripping.

Apply to the floor using even strokes.

Cover complete floor on first coat leaving a six inch strip along the walls on subsequent coats to avoid excessive build up in these un- trafficked areas.

Features	Advantages	Benefits
Ease of application	Fast to lay	Saves time
Excellent detergent resistance	Can be cleaned with strong detergents	Saves labour
High gloss	Visually appealing	Looks great
High wear resistance	Lasts longer	Saves re-coating & stripping

### Specifications

<b>Hard Water Tolerance</b>	Excellent
<b>Rinsability</b>	Yes
<b>Flammability</b>	Non-flammable
<b>Biodegradability</b>	Fully
