

Dishwasher Descaling

SCALE OFF is a buffered acid solution combining penetrants and selected harmless detergents. **SCALE OFF** is highly effective in the removal of lime, scale, rust and dulling from ferrous and non ferrous surfaces.

Because of **SCALE OFF**'s concentrated cleaning action this product may be used in various applications:

EQUIPMENT

- SCALE OFF 5 Litre
- Scourer
- Personal Protective Equipment (Rubber Gloves, Safety Goggles & Respiratory Mask)

DILUTION RATE

- 250ml of product required per wash tank

DIRECTIONS

- 1 Turn off Detergent Dispenser.
- 2 Empty water from wash tank.
- 3 Fill wash tank with fresh water
- 4 Put on Gloves, Mask and Safety Goggles.
- 5 Add 250ml of Scale Off to fresh water in wash tank
- 6 Run dishwasher for 3 wash cycles, in between scrub inside of machine and heating elements with scourer.
- 7 Empty wash tank completely and rinse inside of machine with fresh water (either from spray hose or bucket etc)
- 8 Fill machine as per normal filling instructions
- 9 Turn back on Detergent Dispenser.
- 10 Repeat above steps fortnightly.
