

Eucalyptus 80

Eucalyptus Sanitiser / Cleaner

EUCALYPTUS 80 is a concentrated formula to destroy industrial and commercial malodours. It destroys odour-causing bacteria at their point of origin and sanitises, cleans and re-odorises in the one operation. EUCALYPTUS 80 is widely used in hospitals, nursing homes, veterinary clinics, cellars, bar areas, change & locker rooms, waste disposal areas and wherever unpleasant odours are a problem.

How to Use

Use ALL UP as a floor maintenance cleaner both with mop and bucket and automatic scrubber on terrazzo, vinyl, concrete, painted and all sealed surfaces.

Larger Areas	EUCALYPTUS 80 may be metered through a pressure spray at 120 parts water to one part product.
Medium to Smaller Areas	Where odour is more concentrated use EUCALYPTUS 80 one part product to 20 parts water eg. 250ml to 5ltr water to sanitise walls, floors, Eled areas, bench tops & wash basins. Make soluEon daily. Discard day old solutions.
General Purpose Cleaning	One part product to 50 parts water. Ideal for mopping or through automatic scrubbers. Build ups may require a stronger solution ie. 1:15
