

Foam San

Section 4. First Aid Measures

- Swallowed:** Rinse mouth. DO NOT induce vomiting. Give water or milk to drink. Immediately call the POISONS INFORMATION CENTRE (13 11 26 Australia only).
- Eye Contact:** Immediately rinse with plenty of water for at least 15 minutes holding eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing. Call POISONS INFORMATION CENTRE (13 11 26 Australia only) for advice.
- Skin Contact:** Wash skin with plenty of water. Remove contaminated clothing and wash before reuse.
- Inhalation:** Move victim to fresh air. If symptoms develop, seek medical advice.
- Symptoms caused by exposure:** Irritating, burning sensation, blurred vision from skin and eye contact. Breathing difficulties, throat swelling, severe mouth pain.
- Medical attention and special treatment:** No specific treatment. Treat symptomatically.

Section 5. Fire Fighting Measures

- Suitable extinguishing equipment:**
Not flammable. Use extinguishing media suitable for surrounding fire.
- Specific hazards arising from the chemical:**
Hydrogen gas, chlorine, oxides of carbon.
- Special protective equipment and precautions for fire fighters:**
Firefighters should wear full protective clothing including self-contained breathing apparatus & chemical splash suit. Remove from the vicinity containers not involved in the fire. Ensure no spillage enters drains or water courses.

Section 6. Accidental Release Measures

- Personal precautions, protective equipment and emergency procedures:**
Clean up spill promptly to avoid accidents. Wear protective equipment (see Section 8) to prevent skin and eye contamination and inhalation of mists and vapours. Stop leak if safe to do so. Ensure adequate ventilation.
- Environmental precautions:**
Ensure no spillage enters drains or waterways. If product does enter a waterway, advise the Environmental Protection Authority or the local Council.
- Methods and materials for containment and cleaning up:**
Cover with damp absorbent material (inert material, sand or soil). Sweep up, but avoid generating dust. Collect and seal in properly labelled drums for disposal.

Section 7. Handling and Storage

- Precautions for safe handling:**
Observe good personal hygiene practices and recommended procedures. Wash hands thoroughly after handling. Avoid contact with eyes, skin and clothing. Wear appropriate Personal Protective Equipment (PPE) when handling.
- Conditions for safe storage, including incompatibilities**
Store in a cool, dry, well-ventilated place and out of direct sunlight. Store away from strong acids and moisture. Keep containers closed at all times - Check regularly for spills.

Section 8. Exposure Controls and Personal Protection

National Exposure Standards: An occupational exposure standard (OEL) has not been established for the product. The following components have been listed with an OEL as per Safe Work Australia - Workplace Exposure Standards for Airborne Contaminants.

Ingredient Name	CAS No	TWA (ppm)	TWA (mg/m ³)	STEL (ppm)	STEL (mg/m ³)
Potassium hydroxide	1310-58-3	-	2mg/m ³ (Peak limitation)	-	-

Foam San

Engineering Controls:

Natural ventilation should be adequate under normal use conditions. Avoid generating and inhaling dusts. Keep containers closed when not in use.

Individual Protection Measures:

Eye and face protection	Safety glasses or chemical resistant goggles should be worn to prevent eye contact.
Skin protection	Wear rubber gloves to prevent skin contact.
Respiratory protection	Not normally needed. If significant vapours or mists are generated, use an appropriate respirator in accordance with AS/NZS 1715 and AS/NSZ 1716.
Thermal hazards	Refer to Section 5.

Section 9. Physical and Chemical Properties

Appearance:	Liquid	Colour:	Clear
Odour:	Slight chlorine	Boiling Point:	Not available
Vapour Pressure:	Not available	Specific Gravity:	1.18
Flashpoint (°C):	Not available	Flammability:	Not available
Water Solubility:	Complete	pH:	12.0 - 13.0
Auto-ignition Temperature:	Not available	Viscosity:	Not available
Relative Density:	Not available	Evaporation Rate:	Not available
Vapour Pressure	Not available	Melting Point/Freezing Point	Not available
Partition Coefficient: n-octanol/water	Not available	Upper/Lower Flammability or Explosive Limits:	Not available

Section 10. Stability and Reactivity

Reactivity:	Not available.
Chemical Stability:	Stable under normal ambient storage conditions.
Possibility of Hazardous Reactions:	Hazardous polymerisation will not occur.
Conditions to Avoid:	Avoid high temperatures (store below 30°C) and direct sunlight. Protect against physical damage.
Incompatible Materials:	Do not mix with other chemicals. Incompatible with strong acids, strong oxidisers.
Hazardous Decomposition Products:	Chlorine, hydrogen gas.

Section 11. Toxicological Information

Information on Route of Exposure

Acute Toxicity:

Ingestion:	Swallowing in small amounts is unlikely to cause any adverse effects. Larger doses may cause gastro-intestinal irritation, nausea and vomiting.
Eye Contact:	No effects known.
Skin Contact:	No effects known.
Inhalation:	No effects known.

Skin Corrosion/Irritation: Corrosive. Causes severe skin burns and permanent tissue damage.

Serious Eye Damage/Irritation: Corrosive. Causes severe burns and eye damage.

Respiratory or Skin Sensitisation: Not classified

Germ Cell Mutagenicity: Not classified

Foam San

Carcinogenicity:	Not classified
Reproductive Toxicity:	Not classified
Specific Target Organ Toxicity (STOT) - Single Exposure:	Not classified
Specific Target Organ Toxicity (STOT) - Repeated Exposure:	Not classified
Aspiration Hazard:	Not classified
Immediate, Delayed and Chronic Health Effects From Exposure:	None known.
Other Information:	None known.

Section 12. Ecological Information

Ecotoxicity:	Not hazardous to the aquatic environment
Persistence and Degradability	Product is expected to be readily biodegradable
Bioaccumulative Potential	Not expected to bioaccumulate
Mobility in Soil	Low sorption to soil/sediment, moderate migration to ground water (Estimated Log K_{oc} value (EpiSuite 4.1 KOCWIN): <1.5)
Other Adverse Effects	None known.

Section 13. Disposal Considerations

Disposal Methods	Refer to State/Territory Land Waste Management Authority. Dispose of material through a licensed waste third party, in accordance with local regulations.
------------------	---

Section 14. Transport Information

Classified as a Dangerous Good by the criteria of the Australian Dangerous Goods Code for transport by Road and Rail (ADG 7.3).

UN Number	UN1814
Proper Shipping Name	POTASSIUM HYDROXIDE SOLUTION
Technical Name	-
Transport Hazard Class	8
Packing Group	II
Environmental Hazards for Transport purposes	None
Special Precautions for User	None
Additional Information	None
Hazchem Code or Emergency Action Code	2R

Section 15. Regulatory Information

NICNAS	All substances are listed on the Australian Inventory of Chemical Substances.
Poisons Schedule (SUSMP)	Schedule 5 - CAUTION

Section 16. Other Information

This information is provided to the best of our knowledge and belief, accurate as of the last revision date. It is provided in good faith and relates to the specific materials designated. True Blue Chemicals assumes no liability or responsibility for loss or damage resulting from improper use or handling of our products from incompatible product combinations or from failure to follow usage directions. This document remains the property of True Blue Chemicals Pty Ltd. Alterations are not permitted without prior written authorisation from True Blue Chemicals Pty Ltd.

Glossary:

Peak limitation means a maximum or peak airborne concentration of a substance determined over the shortest analytically practicable period of time which does not exceed 15 minutes.

Log Koc Adsorption Classifications

- > 4.5 Very strong sorption to soil / sediment, negligible migration to ground water
- 3.5 - 4.4 Strong sorption to soil / sediment, negligible to slow migration to ground water
- 2.5 - 3.4 Moderate sorption to soil / sediment, slow migration to ground water

Foam San

1.5 - 2.4 Low sorption to soil / sediment, moderate migration to ground water
< 1.5 Negligible sorption to soil / sediment, rapid migration to ground water
