

Furore

Lemon Fragrance Cleaner / Sanitiser

FURORE is a concentrate formulated to destroy industrial and commercial malodours. FURORE sanitises, cleans and reodorises in one operation. FURORE is widely used in hospitals, nursing homes, veterinary clinics, cellars, bar areas, change & locker rooms, waste disposal areas and whenever unpleasant odours are a problem.

How to Use

Larger areas	FURORE may be metered through a pressure spray at 120 parts water to one part product.
Medium to smaller areas	Where odour is more concentrated use FURORE at 80 parts water to one part product in back mounted sprayer or bottle atomiser.
As a sanitiser	Dilute FURORE one part product to 20 parts water eg. 250ml / 5ltr water to sanitise walls, floors, Eled areas, bench tops and wash basins. Make solution daily, discard day old solutions. Do not mix with soaps or detergents.
General cleaner	Dilute FURORE one part product to 50 parts water eg. for mopping or through automatic scrubbers.

Features	Advantages	Benefits
