

OneShot

Laundry Powder

ONESHOT is a new generation powdered laundry detergent designed to replace cumbersome and complicated liquid dosing systems in commercial laundries. ONESHOT is a compact powdered detergent system utilising an innovative dual bleaching system for effective stain removal. The dual chain activated bleaching system firstly activates oxygen radicals in the wash liquor and secondly converts oxygen from the air into free radicals to outperform all known bleaching systems. ONESHOT reduces wash cycle times, energy and water consumption.

Features	Advantages	Benefits
Reduced wash cycle times	Cost effective	Reduce consumption of carbon dioxide
Reduced energy consumption	Packed into pre-measured water-soluble bags	Protects waterways
Reduced water consumption	Easy & quick to use	Packaging materials are 100% degradable

Specifications

Colour	White
Odour	Odourless
Hard Water Tolerance	Excellent
Rinsability	Complete
Flammability	Non-flammable
Biodegradability	Fully
