

surface cleaning and disinfection

ProMax

innovation > technology > future

ProMax

Originating from **seko's** industry renowned R&D laboratories is the latest, most intuitive and cost effective dispensing system available in the market today.

By combining the revolutionary technology of patented hydrodynamics and user friendly, image enhancing features unique to **ProMax**, **seko** has produced the perfect solution for all institutional and light industrial chemical dilution applications.

Hydraulic

"State of the art, revolutionary hydraulics sets a new industry standard of performance and reliability"

Models available to safely and efficiently fill small, medium and large containers with accurately diluted use solutions from chemical concentrates:

Spray Bottle (4 l/min. Flow Rate)

Mop Bucket (16 l/min. Flow Rate)

Floor Scrubber (30 l/min. Flow Rate)

Ability to customize

"Easily personalized facing allows customization without costly printing minimums and set up charges"

Tool free

"Mount the bracket on the wall and put away your tools"

Modular

"The Modular ProMax system, reduces and simplifies inventory"

Features

Working temperature up to 70° C

Working pressure from 1 to 9 bar

Model	Chemical	Flow Rate	Activated
PX B 1 F 04	1	4 l/min	BUTTON to fill bucket and bottle
PX B 1 F 16		16 l/min	
PX B 1 F 30		30 l/min	
PX S 1 F 04	1	4 l/min	SLIDE to fill bottle
PX B 4 F 04	4	4 l/min	BUTTON to fill bucket and bottle
PX B 4 F 16		16 l/min	
PX B 4 F 30		30 l/min	
PX S 4 F 04	4	4 l/min	SLIDE to fill bottle

ProMax allows additional units to be easily added to an existing installation.

Wall bracket mounting eliminated need to open enclosure during installation for tool free mounting

The entire system can be easily disassembled and reassembled.

Installation times are minimized. No screws to remove... no need to open the dispenser to install

Robust and durable PP enclosure

Cartridge Filter

The optional head filter, enhances filtration where needed in troublesome water conditions reducing service calls.

Head filters will not affect flow rate regardless of the number of units in line.

4 products selector

The 4 product **ProMax** is equipped with a new selector with O Rings of specially formulated elastomers. It offers the highest resistance in the industry to the widest range chemicals

Auto-locking connection

Tip seats on the external induction barb.

Accurate dilution rates; select from a full range of supplied metering tips.

Product pick-up connections are external.

Tamper proof housing and activating mechanism

Magnetic solenoid type activating valve

The large membrane activation ensures perfect operation, up to 9 bar pressure and 70 °C

Venturi

FLEX GAP is equipped with a patented backflow device, minimizing restriction ensuring maximum flow performance and complies with universal plumbing standards

- Fast connections
- Three colors for three different flow rates:
 - Grey 4 l/min.
 - Yellow 16 l/min.
 - Blue 30 l/min.
- Same size discharge hose for all models
- The venturi is self-activating, no flow restrictors needed
- Single product units can be easily converted to a 4 product model in the field
- Maximum strength
- Ease of maintenance
- Fully Interchangeable parts
- Excellent performance
- Tool free maintenance

Project Your Company Image

- 95% of the facing available for proprietary graphics using underlays and removable clear faceplates
- Customize the facing to identify product and/or establish color coding for employee safety

ALSO AVAILABLE AIR GAP

- Two colors for two flow rates
 - Grey 4 l/min.
 - Yellow 16 l/min.

A Worldwide Group at your service

seko has been a significant manufacturer of metering pumps and dosing systems for over 40 years. This long activity allowed seko to acquire a vast experience in diversified applications and to confirm its international success in many industrial fields through the supply of reliable solutions for the dosing, injection and transfer of liquids

Today **seko** is an International Group, developing, manufacturing and delivering its products in more than 50 countries, through its 15 subsidiaries and an extended network of distributors, agents and authorized dealers
