

# Release

## Laundry Pre Soak Stain Remover

RELEASE is a multi purpose laundry powder formulated as a stain digester using a combination of enzymes and emulsifiers. A safe bleach & whitening agent using oxygen releasing salts. The aggressive grease and oil solubiliser use alkaline surfactants to neutralise heavy soils. Can be used as a main wash laundry powder.

### How to Use

Laundry Pre Soak	1 cup Release per 10 litres warm water (water temp. should be less than 50°C)
Bleach & Whitening Agent	1 cup Release per 5 litres warm water
Grease & Oil Solubiliser	1 cup Release per 10 litres hot water
Laundry Powder Main Wash	½ to 1 cup Release per wash in a domestic machine. Should be used with warm water.

Features	Advantages	Benefits
