

Sapper

Grease, Tar & Sap Remover

SAPPER is formulated using natural orange oil and sugar cane derived alcohol. SAPPER penetrates, solubilises and cleans the heaviest of industrial soils and exhibits a quick break profile.

How to Use

Apply SAPPER neat to equipment

- 1 Allow 1 – 2 minutes to penetrate
- 2 Rinse with potable water
- 3 For heavy build- ups apply and agitate with brush or scourer
- 4 Rinse with potable water
