

# Scale Off

## De-scaling Agent

SCALE OFF is a buffered acid solution combining penetants and selected harmless detergents. SCALE OFF is highly effective in the removal of lime, scale rust and dulling from ferrous and non-ferrous surfaces.

### How to Use

Because of SCALE OFF's concentrated formula, this product may be used in various applications:

<b>Dip Tank Cleaner / Descaler</b>	Dilute 1 part SCALE OFF to 5 parts water. Tank maybe heated to increase cleaning efficiency.
<b>C.I.P. Cleaner</b>	May be used to both neutralise and brighten metal surfaces. Dilute one part SCALE OFF to 20 parts water, squirt on to surface and wipe off.
<b>Dishwashing Machines</b>	Turn dispensing unit off. Fill wash tank, add 250-500ml of SCALE OFF depending on degree of build up. Run wash cycle. After wash cycle examine machine for areas of heavy build up and use SCALE OFF neat with scourerto remove heavy deposits.
<b>IMPORTANT NOTE:</b>	Veryimportant that skin and eye contact do not occur. Wear gloves & safety goggles.

Features	Advantages	Benefits
Fast acting	Saves time	Saves money
