

Spa Clean

Cleaner / Sanitiser

SPA CLEAN is a powerful 3 way cleaner, sanitiser, deodoriser formulated specifically for spa baths. Concentrated sanitising agents kill and inhibit bacteria growth leaving all spa surfaces safe and germ free. Mild alkalis attack and saponify bodyfats, soap scum, body lotions and oils. A complex blend of detergents and water softeners clean all hard surfaces and pipework, removing all residues. A special blend of essential oils and perfumes neutralises malodour and imparts a clean and fresh fragrance to the spa environment.

How to Use

Light Cleaning 20-30ml of product to 100 litres of water

Heavy Cleaning 50-60ml of product to 100 litres of water

Instructions

1. Fill spa bath with cold water to above jet level
2. Turn on all water and air jets
3. Pour correct amount into spa (usually 60mls to a standard 1 to 2 person bathroom spa)
4. Runspa for 5 to 10 minutes
5. Turn off both air and water jets and drain
6. Spa clean will produce a floating residue of all the organic material it has removed from the spa's surfaces and pipe work. This should be flushed away and wiped clean with a damp cloth.
7. Dry all surfaces.

Features	Advantages	Benefits
3 way cleaning action	Labour saving	Saves money & labour
Biodegradable	Safe to the environment	Peace of mind
Concentrated	High dilution rates	Economical
Long life fragrance	Reodorises	Imparts clean & fresh environment

Specifications

Colour	Green
Odour	Pleasant pine fragrance
Hard Water Tolerance	Excellent
Rinsability	Complete
Flammability	Non-flammable
Biodegradability	Fully
