## ELIMINATE THOSE UNWANTED MALODOURS

APPLICATIONS	PROBLEMS	RECOMMENDATIONS
Automobiles	Smoke odours	Place 1 drop of Tap-A-Drop in an ashtray, or ceramic dish.
Clean-up	Residual odours from cleaning products	Place 1 drop of Tap-A-Drop per 30 cubic metres. Eliminates residual odour left over from the cleaners themselves.
Drains	Trap odours	Place 2-3 drops in or near the drain to eliminate any trap odours. Great for garbage disposals.
Fire	Burn odours	Place 2-4 drops of Tap-A-Drop in kitchen or area where a small fire has occurred.
Garbage	Receptacle odours	Use 1-2 drops per day in receptacles to control odours.
Insecticides	Residual odours from insecticide products	Place 1 drop of Tap-A-Drop per 30 cubic metres.
Kitchen	Cooking odours	Eliminate cooking or grease smells by placing 1 drop of Tap-A-Drop per 30 cubic metres.
Mould/Mildew	Permanent dampness	Use 1 drop of Tap-A-Drop per 30 cubic metres.
Paint	Residual odours	Add 25 drops of Tap-A-Drop to 4 litres of oil-based paint.
Public Transport	Motion sickness, incontinent cleanup, washrooms	Place 1 drop of Tap-A-Drop on or near odour source in emergency situations nearby until clean-up is possible. Use follow-up as part of cleaning maintenance program.
Washrooms	All washroom odours	Place 1 drop of Tap-A-Drop <u>on</u> toilet or urinal (per 30 cubic metres) to eliminate odours for 24 hours.
Sick Rooms	All odour problems	Use 1 drop of Tap-A-Drop to eliminate any odour until clean-up is possible.
Room Odours	Room deodorisation	Place 1 drop of Tap-A-Drop per 30 cubic metres to eliminate odours for 24 hours.
