#### Section 5. Fire Fighting Measures

#### Suitable extinguishing equipment:

Use extinguishing media suited to the materials that are burning; eg: dry chemical, CO<sub>2</sub> or water spray.

# Specific hazards arising from the chemical:

None known.

#### Special protective equipment and precautions for fire fighters:

Firefighters should wear appropriate personal protective equipment for surrounding fire. Remove from the vicinity containers not involved in the fire.

#### Section 6. Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures:

Avoid contact with eyes. Use personal protective equipment. Ensure adequate ventilation.

#### **Environmental precautions:**

Avoid release into drains without dilution.

#### Methods and materials for containment and cleaning up:

For small spills contain using sand or soil - prevent run off into drains or waterways. For large spills notify Emergency Services.

#### Section 7. Handling and Storage

#### Precautions for safe handling:

Avoid contact with eyes. When using, do not eat, drink or smoke. Wash thoroughly after handling. Wash contaminated clothing before reuse.

#### Conditions for safe storage, including incompatibilities

Store in a cool, well ventilated place out of direct sunlight. Store away from strong acids and strong oxidisers. Keep containers closed at all times - check regularly for spills.

#### Section 8. Exposure Controls and Personal Protection

**National Exposure Standards:** None of the components have an established Occupational Exposure Limit (Source: Safe Work Australia - Workplace Exposure Standards For Airborne Contaminants 2013).

#### **Engineering Controls:**

Natural ventilation should be adequate under normal use conditions. Avoid generating and inhaling mist and vapour. Keep containers closed when not in use.

#### **Individual Protection Measures:**

Eye and face protection	Not normally needed.
Skin protection	Not normally needed.
Respiratory protection	Not normally needed.
Thermal hazards	Refer to Section 5.
