

# Window Shimmer

## Glass and Mirror Cleaner

WINDOW SHIMMER is the environmental choice when cleaning glass, mirrors and windows.

WINDOW SHIMMER is a Third Party independently assessed formula, meeting the stringent requirements of the 'Recognised™ - environmental credentials scheme' for environmentally preferable products as licenced by ACCORD.

WINDOW SHIMMER is fragrance free, Ammonia free and is readily biodegradable.

The Concentrated formula solubilises grime readily, and it's anti fouling properties makes subsequent cleaning easier.

### How to Use

WINDOW SHIMMER delivers streak free cleaning for Glass, Mirrors, and Windows.

<b>Dilution rates:</b>	LIGHT SOIL: Dilute 1 part to 50 parts water HEAVY SOIL: : Dilute 1 part to 10 parts water
<b>Dry cloth use:</b>	Spray WINDOW SHIMMER over the surface, spraying evenly. WINDOW CLEANER gets to work quickly, spray surface then simply polish off with a clean dry cloth.
<b>Wet cloth use:</b>	To use with a Wet Cloth: Dampen cloth with WINDOW SHIMMER then wipe over surface to be cleaned.

Features	Advantages	Benefits
Recognised - environmental credentials scheme	ACCORD Accredited Green formula	Better for environment and human health
Concentrated	High dilution rates	Economical Cost in Use
Readily Solubilises grime	Dissolves soils and stains	Leaves surfaces clean and clear
Anti fouling formula	Reduces new soil build-ups	Subsequent cleans are easier
