

Wipeout

Food Grade Sanitiser

WIPEOUT is a multifaceted food grade sanitiser. WIPEOUT has been formulated to provide excellent bactericidal properties especially aimed at pathenogenic food origin bacteria e.g. e-coli and salmonella. WIPEOUT will not contaminate food areas.

How to Use

Remove or cover all food articles in area.

When soaking equipment parts, utensils and filters, dilute 1 part WIPEOUT to 20-30 parts hot water. Rinse all surfaces and parts thoroughly with potable water.

As a food area residual sanitiser, dilute WIPEOUT 1:250 and apply to surface. Do not rinse off.

Note: bench top sanitising solution should be freshly made each day. Dispense only enough for daily use then discard.

Features

Biodegradable

Advantages

Saves time

Benefits

Saves money

Specifications

Colour Blue Liquid

Odour Odourless

Hard Water Tolerance Excellent

Rinsability Free Rinsing

Flammability Non-flammable

Biodegradability Fully
