

 **myfoodservice**

mysupply assist the Hospitality industry to manage their facilities better with product choices that benefit their business, their customers, their staff and our world.

Ask about our free on loan dispensers and no obligation trials for your café, restaurant, pub, club, hotel, catering company, bar, resort or food processing facility.

CLEANING CHEMICALS

Improve food safety and hygiene compliance with innovative high quality cleaning solutions.

Dispensing Equipment & Compliance Documentation

A comprehensive cleaning chemical package that consists of chemicals, site audits reported online, technical and compliance support as well as onsite and online training and education.

MSDS and safety chart documentation are professional, durable, highly visible and simple to read.

Highly concentrated chemicals work best through efficient, safe and easy to use dispensing systems.

Colour and number coded screen printed bottles available as well as Recognised™ accredited environmentally friendly chemical options.

Chemicals suited for the hospitality industry include dishwashing liquid and powder, rinse aid, manual sink detergent, degreaser, sanitiser, window cleaner, washroom cleaner, oven & grill cleaner, glass machine liquid, all-purpose cleaner, anti-bacterial cleaner, descaler, crockery destainer, cutlery soaker, laundry cleaners, carpet cleaners and VAT & CIP cleaner.

Spill and PPE kits also available.

Odour Control

Trap & Drain Treatment

Recommended for grease traps, this multi-strain bacterial formulation is non-corrosive, non-toxic and will liquefy and digest complete proteins, cellulose and starch, yet resilient to bleach, disinfectants and many other cleaning chemicals.

Nilodew Dumpster Deodoriser

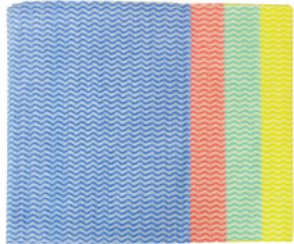

Deodorising granules eliminate and neutralise offensive garbage odours, deters insects and helps contain liquids in rubbish for up to one week. Non-toxic and biodegradable formula contains citronella.

Air Freshener

Automatic metered aerosol dispensing system, eliminates malodours in the air for up to 24 hours. Delivers 3100 metered releases.

CLEANING ACCESSORIES

Reduce the risk of cross contamination between different working areas with colour coded cleaning accessories and equipment.

Cleaning Accessories

Bins

Standard and heavy duty plastic bins available with sizes ranging from 40L to 120L.

Buckets

Chemical resistant buckets ranging from 9.6L to 18L capacity.

Dustpans & Dusters

Indoor and outdoor dustpan options with standard or long handles.

Caution Signs

Lightweight, compact designs allow for convenient storage and easy transportation between different work areas. Fluorescent colours available for high visibility.

Floor Cleaning

Different sized brooms, mops, dust mops, handles and squeegees available for different indoor and outdoor floor surfaces.

Sink Ware

Sponge and scour options ideal for cleaning pots, cooking utensils and metal surfaces.

Surface Cleaning

Heavy duty perforated wipes and rolls are highly absorbent and reusable. Also available are high water absorbency cleaning cloths and sponges as well as microfibre cloths.

Colour Coding

The primary purpose of colour coding cleaning accessories is to help prevent cross contamination. Colour coding creates a cleaner and safer environment while improving safety for staff and customers. Meet and exceed workplace health & safety and accreditation requirements with six colour options, blue, green, red, yellow, white and brown.

Bin Liners

Strong and reliable bin liners are suited for a range of garbage bins. LDPE and HDPE liners are available with sizes ranging from 18L to 240L.

HAND HYGIENE

Increase levels of hygiene and help prevent contamination and the spread of germs that may cause foodborne illness.

Plastic, lockable dispensers available.

HACCP certified.

Testimonials

Brunetti

We have been dealing with mysupply since 2004 and from day one they have been a very honest and helpful company. They are so organised and efficient which we value highly with such a large business model. mysupply have helped us implement a complete cleaning program consisting of chemicals on the latest dispensing equipment, colour coded cleaning accessories and hand hygiene products. We trust our needs are supported with mysupply.

Yuri, Brunetti

The Big Group

The Big Group formed a relationship with mysupply in 2013 to supply chemicals, hand hygiene and equipment to all arms of our business nationally. Throughout this partnership mysupply have proven to be supportive in understanding our needs and providing sustainable solutions for our business. mysupply have always exhibited extremely high levels of professionalism and dedication in every service they have provided to our business and worked alongside our teams to ensure that as a business we maintain the highest levels of health and safety for our team members and customers every day. I would thoroughly recommend mysupply to any business looking for a true business partner to embed sustainable health and safety solutions in their business.
