

Thank you for purchasing our GearBrake Brake Light Flasher module.  
 This unit will flash your brake lights for 2 seconds and then go solid any-  
 time you activate your brakes.

**Installation:**

Unit will flash your existing brake lights for 2 seconds when your brakes are activated.

**Wiring**

1. Connect green wire to a chassis ground source.
2. Cut the brake signal power wire
3. Connect yellow wire to the brake signal lead heading to the brake light.
4. Connect blue wire to the brake signal input lead.
5. Connect red wire to a 12v power source. **Install unit on a switched circuit such as your running light or license plate light to prevent battery drain.**

**Important Note:** Always test your brake lights before each use.

The installation of any aftermarket part may void or otherwise adversely affect your factory warranty. In addition, such installation and use may violate certain federal, state and local laws, rules and ordinances as well as other laws when used on motor vehicles operated on public highways, especially in states where highway safety laws may apply. Always check federal, state, and local laws before modifying your motorcycle. It is the sole and exclusive responsibility of the user to determine the suitability of the product for his or her use, and the user shall assume all legal, personal injury risk, and liability and all other obligations, duties and risks associated therewith. Use only as intended. Patents Pending 14/659,627 PCT/US15/20844.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state. Gearbrake warrants to the original purchaser that this product is free from defects in materials and workmanship for the period of its lifetime from the date of purchase. This warranty does not apply to damage due directly or indirectly to misuse, abuse, accidents, repairs or alterations outside our facilities; or to lack of maintenance. We shall in no event be liable for death, injuries to persons or property, or for incidental, contingent, special or consequential damages arising from the use of our product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations of exclusion may not apply to you.
